Who We Are

The Nurses Association of Westchester County, Inc. District 16 of NYSNA, joined together with hundreds of Registered Nurses in Westchester and the surrounding counties to promote each other's professional development. We are one of the 19 regional associations within the New York State Nurses Association (NYSNA).

We're staff nurses, school nurses, educators, administrators, home care, private duty and public health nurses.

We hold positions in hospitals, nursing homes, public and private institutions, schools and offices.

Our membership ranges from the professional nurse at the bedside to one running for public office. We offer mentoring and guidance to nursing students.

What we share is the need to deliver the highest quality of nursing care in a professional, caring, and safe manner.
