Not all toothpastes are the same

Aetna Dental has formed an association with Colgate to bring you more. And Colgate Total® is different. Its patented formula reduces and helps prevent the gum disease gingivitis by fighting germs for 12 hours. It's the only toothpaste both approved by the FDA and accepted by the ADA to help prevent the gum disease gingivitis.

Colgate Total's formula fights a range of problems in addition to the gum disease gingivitis — to give you complete protection for 12 hours. It also fights stains, plaque, cavities, tartar, weak enamel, tender gums and bad breath.

That's why Colgate Total is the most advanced toothpaste from Colgate for your optimal health.

^{††}Some states allow you to obtain limited benefits when you go out of network for covered services. Check your Summary of Benefits for details. State laws vary with regard to out-of-network benefits. In Illinois, DMO plans provide limited out-of-network benefits. However, in order to receive maximum benefits, members must select and have care coordinated by a participating primary care dentist. In Illinois, the DMO plan is not an HMO.

It's important for you and your family to have a dentist close by.

As a member, you have access to our large dental networks. It's not hard to find a provider in our Preferred Provider Organization (PPO) network. You'll be able to select from nearly 93,500 available dental-practice locations nationwide.²

And our Dental Maintenance Organization (DMO®)^{††} also offers you broad choice. There are more than 37,000 available dental-practice locations.²

Additionally, our Vital Savings by Aetna® discount network has over 74,000 available dental-practice locations.³

Help for better dental health

When it comes to overall well-being, the mouth mattersSM. Oral tissues reflect symptoms of other problems. And infections in these tissues can also have consequences throughout the body.

We review studies that link oral health and well-being. And we determine what the findings mean for you.

You'll get information, resources and support. Our goal is to help you make better dental decisions now. This can help you avoid problems down the road.

And for members with both an Aetna medical and dental health benefits or health insurance plan, we have your medical and dental information. We put this information together — then put it to work to help you realize improved outcomes.

The Vital Savings by Aetna® program (the “Program”) is not insurance. The Program provides Members with access to discounted fees pursuant to schedules negotiated by Aetna Life Insurance Company for the Vital Savings by Aetna discount program. The Program does not make payments directly to the providers participating in the Program. Each Member is obligated to pay for all services or products but will receive a discount from the providers who have contracted with the Discount Medical Plan Organization to participate in the Program. Aetna Life Insurance Company, 151 Farmington Avenue, Hartford, CT 06156, is the Discount Medical Plan Organization.
