

NYSNA Nurses Stand United Across Brooklyn, Queens, and Staten Isl.

Picketing Across the Boroughs!

NYSNA Nurses from Maimonides, Brooklyn Hospital, Interfaith, Kingsbrook, Wyckoff, Flushing, and RUMC met on Monday, 3/4, to Plan Next Steps and Actions for March! All facilities agreed that informational picketing is needed, and others will be starting strike votes. Dates and Times to be set soon- STAY TUNED!

Nurses across Brooklyn, Queens, and Staten Island agree to stand united for patient care. The committees are tired of waiting for responses to our key issues.

True Safe Staffing Ratios must be put into all contracts and must be improved in areas they do exist. Every single staffing grid in NYC must have numerical improvements and new staff must be hired.

Closing the Manhattan wage gap, establishing a true retiree health plan, improving paid family leave, and abolishing non-nursing functions must be addressed by our employers NOW.

Every Bargaining Committee agrees- ALL MEMBERS NEED TO GET READY FOR ESCALATED ACTIONS IN MARCH AND APRIL. PROGRESS MUST BE MADE ON OUR ISSUES
