After management's bargaining team refused to meet with our negotiating committee, we took our demands straight to the top! The Executive Committee and Nurse Practitioners marched as a group and got a meeting with CEO Ramon Rodriguez, where the NPs presented union cards signed by a majority of Wyckoff's NPs and the Executive Committee presented our first contract demands. They include:

1. Safe Staffing with Ratios for All Units
 2. Employer-Paid Retiree Health Insurance
 3. Limits on Floating
 4. Fair Wage Increases
- ...And much, much more!

Come out to our next bargaining session on Monday, October 22, from 1PM until 4PM in Conference Room D on the 5th Floor.
