

MEDICAID CUTS

Donald Trump's changes to the tax code have left New York in the midst of a budget crisis.

*Now, Albany wants to make up the difference with a proposed \$550 million in cuts to Medicaid. The loss of matching federal dollars means **New York stands to lose over \$1 billion in Medicaid funding.***

AN ATTACK ON OUR HEALTHCARE IS AN ATTACK ON ALL NEW YORKERS. WE CANNOT AND WILL NOT ALLOW ANY CUTS TO OUR CARE.

What exactly do these proposed Medicaid cuts mean for New York?

- *Healthcare job losses*
- *Closures of safety net hospitals and nursing homes, leaving the most vulnerable New Yorkers without access to local care*
- *Bankruptcy for union home care providers who are already struggling financially from competition from bad actor agencies who do not pay required wages*
- *Full stoppage of Healthcare Transformation Fund payments, which help provide funding for our League and other contracts*

This is funding we fought hard to secure, and now Albany wants to use it to offset other areas of the budget. We have roughly three weeks to make Albany do right by our members, our most vulnerable patients, and our communities.

All of our children deserve to grow up healthy, our seniors deserve to receive quality care, and our members deserve the wages and benefits they have earned.

Stand with us against these painful Medicaid cuts. We are going to tell Albany that our healthcare funding is not up for debate, and we deserve better!
